

### Industries:

- Green products (lighting, solar and windmill generators)
- Building products
- Home builder products
- Kitchen & Bath
- Lawn & Garden
- Automotive
- Medical
- Consumer Products

### Material Categories:

- Extrusion (plastic, wood, foam plastics, aluminum)
- Injection plastic moldings
- Castings (die, forging, sand cast)
- Metal stamping and fabrication
- Glass
- Polyurethane castings (two part foam)
- Wood components
- Mesh
- Roll forming
- Thermoplastics & thermo sets

### Other materials & components:

ABS, Acrylic rubber, ASA, EVA, HDPE, HPP, COPP, HIPS, Nylon 6, PBT, PC, PC/ABS, PVC, PET, PMMA, PP, PS, PU, SMA, PPO/Nylon, TPE, TOP, TPU, and TPV

(Wood/plastic formulation combination)
